

FAB LAB 101

for Teachers

BRING ENGINEERING AND TECHNOLOGY TOOLS TO LIFE AT YOUR SCHOOL!

Qualified teachers

Three Lakes Fab Lab staff members Brad Volkmann, Al Votis and Nate Koch will cover everything necessary to implement a new Fab Lab in your district or to grow an existing one.

Hands-on learning

Be prepared to get your hands dirty! You'll walk away with completed projects using all of the software and equipment discussed in the workshop.

Amazing location

Held in our Fab Lab in beautiful Three Lakes, Wis., you'll have access to some of the best lakes and trails in the state. Bring a boat and enjoy some spectacular fishing. Or, bike or hike the Three Eagle Trail after class.

Curriculum and support

You'll receive 40 hours of instruction, How to Make (Almost) Anything curriculum with written and video tutorials, certificate of completion and email support through the 2023-24 school year.

JULY 17-21, 2023

\$1,100 PER PERSON
